

Mauly Tours' Safari Packing Checklist

- Loose comfortable clothes
- Neutral colours will allow you to blend in better with the surroundings and remain inconspicuous
- Dark blue and black clothing **should be avoided** as it attracts tsetse flies
- Long sleeved clothing for chilly evenings
- Long trousers for chilly evenings
- A hoodie/sweater/coat for cold mornings and evenings, preferably waterproof
- Sports bra for ladies – the drives get bumpy at times
- Swim wear and beach gear
- Hiking shoes that have been broken in
- Thick socks to avoid blisters
- Sandals – because days get very hot
- Toiletries – including moisturiser
- Sunscreen and aftersun — this is very important
- Sunglasses
- Hat
- Lip balm/salve
- Binoculars
- Camera
- Head Torch
- Universal plug and adaptor so that you can charge electronics
- Wet-wipes/hand sanitizer
- Insect repellent
- It is highly recommended that you bring a selection of first aid necessities. This includes prescription drugs as well as preventative, non-prescription medications like pain relievers, antidiarrheal medication, antihistamines, and motion sickness pills. Do also bring bandaids, bandages, antiseptic cream and malaria medication (consult your doctor about malaria medication)
